These papers relate to the grant to the Trust-Board for cement concreting the Narasimharaja Bouleward road This is within the Municipal limits of Mysore and the charge has to be met from the funds of the Municipality Why this is to be paid for by the Trust Board is not clear

If, for any reason, Government decide that the Trust Board undertake the work, the Municipality has to provide the funds If any Govt grant is to be given, at best we may give 50% of the cost If the work is to be taken up this year, an additional grant would have to be given and we would have to place the matter Before the Legislative Council for sanction and we will have to convince them of the need and urgency of this work
